Dear NATA Member:

The National Air Transportation Association is proud to join with the Learning for Life Aviation Exploring program in their promotion of aviation, particularly aviation careers to both young women and men age 14 (who have completed the eighth grade) through 20 years of age.

As a NATA member, NATA encourages you to volunteer your time and knowledge with the aviation Explorers as they investigate various aviation career fields. Your participation will help to enrich the program.

The Exploring program promotes building character through career opportunities, life skills, leadership experience, character education, and service learning activities. Please check out their web site at www.aviationexploring.org. Together we can enrich the lives of America's youth.

Sincerely,

A handwritten signature in black ink, appearing to read "James K. Coyne", is written over the typed name and title.

James K. Coyne
President
